United Nations Institute for Training and Research (UNITAR) together with members of **Crowd4SDG Consortium** (University of Geneva, Politecnico di Milano, CERN, Spanish National Research Council, and Université de Paris) are coming together for a side event at the HLPF 2021!

OPENING:

Nikhil Seth, Executive Director, UNITAR

MODERATOR:

Einar Bjorgo, Director, Division for Satellite Analysis & Research, UNITAR

PRESENTERS:

- Francois Grey, Professor, UNIGE
- Linden Farrer, Policy Officer, European Commission (TBC)
- Lorena Gordillo Dagallier, Women4Climate
- Cinzia Cappiello, Assistant Professor, Politecnico di Milano
- Jesus Cerquides, Scientific Researcher, CSIS
- Elena Proden, Senior Specialist, UNITAR

LEARN ABOUT:

- Citizen science data and how it can be leveraged by national governments and their statistics offices for monitoring progress on the SDGs
- Specific solutions to addressing social, economic and environmental challenges

SHARE:

Your needs and challenges on SDG 13 & 5
